

Browning Basecamp Screen House

- Free-standing design with fiberglass poles and steel uprights for extra strength
- Color-coded poles and hub design make for easy setup
- The extra tall center height allows room to stand up
- Straight sidewalls allow more room for tables and chairs
- Two center zip doors with tiebacks allow easy entry in the front or rear
- 68D 190T polyester top resists UV damage and stays taut
- Mesh sidewalls allow ventilation while providing a bug barrier
- Storage bag, guy ropes and steel stakes included
